We provide the wooden rackets! Just grab a partner, some polyester shorts, and prepare yourself for Denver's most unique tennis event. We are proud to present the 5th Annual Wooden Open: an all-day, mixed doubles tournament where you'll compete against teams of similar ability levels. It's a relaxed, fun-filled, Retro-Tennis Tournament for today's players. And when you sign up, you will be helping support tennis programs for underprivileged kids at Gates Tennis Center.

Don't stack your team with talent!

The Wooden Open is for tennis players of all ability levels . . . novice to pro. We want everyone to have fun out there AND we want it to be competitive so we came up with the Wooden Open Rating System (WORS).

THIS IS WHAT YOU NEED TO KNOW BEFORE YOU CHOOSE YOUR PARTNER!

Wooden Open Rating System (WORS).

Each category holds a certain number of points. **In order to qualify for the Wooden Open your Team Total must equal 8 points or lower.** Example: "Recreational" (3pts.) + "Collegiate" (5pts.) = 8pts. Good! Your team qualifies! "Weekend Warrior" (4pts.) + "Collegiate" (5pts.) = 9pts. No Good! Your team is too good. Spread out some of that talent!

--"Dormant" 2pts. - From time to time you hit one over the fence. You love to play, and you're working on your game.

--"Recreational" 3pts. - Your warm-up game is a lot better than your real game. People tell you that you're getting better, but you're pretty average.

--"Weekend Warrior" 4pts. - You played high school tennis, or you've gathered some skills over the years. You still daydream about playing on the tour. You're athletic and your game is/was consistent and competitive.

--"Collegiate" 5pts. - You played in College or you were killer in high school. You've got game, the wooden racket won't phase you. (Your NTRP ranking is 4.0 or higher.)
